Native

## Crisis Management Application

### ARAMCO

Understand safety procedures and translate them into automotive procedures; dealing with notification tool (ATHOC) to send SMS and calls to users; dealing with map (ArcGIS from Esri) to make events show on the map during abnormal events

## HR Certificate Kiosk

### Departments of Finance, ADMA

As HR departments cannot handle the number of requests to print certificates, this allows users to print all types of certificates, stamped and signed.

## Certificates of Origin Kiosk

### Ajman Chamber

This allows the end users to print the Certificates of Origin without going to Ajman Chamber

## SIM vending Kiosk

### Etisalat, Zain Jordan

This Kiosk allows users to Activate the SIM card and use it within minutes rather than waiting for at least half an hour at the branch
